RULING ON ENTITLEMENT¹

On April 26, 2021, Megan Laughlin filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”) resulting from adverse effects of an influenza vaccine received on or about October 13, 2020. Petition at 1. Petitioner further alleges that the vaccine was received in the United States, she suffered sequela of her injury for more than six months, and neither Petitioner nor any other party has ever received compensation in the form of

an award or settlement for her vaccine-related injury. Petition at ¶¶ 3, 7; Ex. 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On April 24, 2023, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent agrees that "petitioner had no history of pain, inflammation, or dysfunction of her left shoulder; pain occurred within 48 hours after receipt of an intramuscular vaccination; pain was limited to the shoulder in which the vaccine was administered; and no other condition or abnormality has been identified to explain petitioner's shoulder pain." *Id.* at 3. Respondent further agrees that the medical records establish that Petitioner has suffered the residual effects of her condition for more than six months, and has satisfied all legal prerequisites for compensation under the Act. *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
